

CERTIFICATE

Allnamics Pile Testing Experts hereby states that:

H. Durrer

Has successfully completed the course:

PDA-DLT-SIT and signal matching

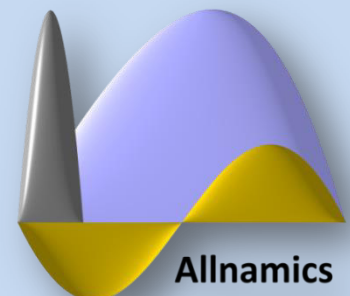

at the Allnamics Academy

The student is capable to perform dynamic measurements and is able to calculate by means of signal matching techniques the static bearing capacity of foundation piles.

Course date : May 2-4, 2016
Course location : Kerns, Switzerland
Certificate number : 2016-011

Instructor:

M.C.H. van Delft, M.Sc.

CERTIFICATE

Allnamics Pile Testing Experts hereby states that:

P. Durrer

Has successfully completed the course:

Pile Driving Analysis (PDA)

and

Dynamic Load Testing (DLT)

at the Allnamics Academy

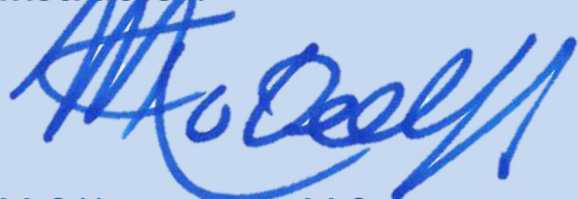

The student is capable to perform dynamic measurements and is able to calculate the static bearing capacity of foundation piles by means of signal matching techniques.

Course location : Waterpas 98, The Hague, The Netherlands

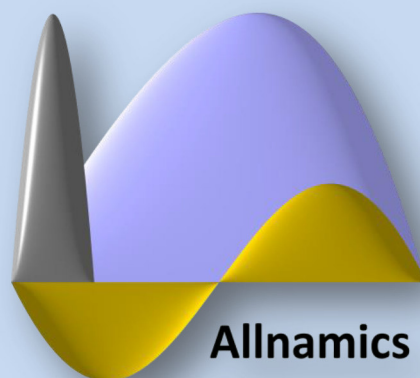

Certificate number : 2019-D2

Course date : April 6, 2019
